Assignment A5: Test report

Name

- Software name: LMS Quiz Importer

- Team name: Deviloper

- Tester name: Siriwat Songwattana

Software scope

- Support only multiple choice questions
- Login for only 261111 course professors
- Document file type: docx
- History of upload
- Dashbord summary each chapter in course
- Can upload then check before import
- Support in Thai and English language
- Import only CMU Mango(Canvas)

Test scope (what is tested and what is not tested)

Tested

- Check all buttons are correct or not.
- Dashboard page show summary questions each chapter in course.
- o Can upload and import only for document file type: docx.
- o Can show history upload.
- o Can use only for multiple choice questions.
- o Can upload then check the accuracy before import.
- o Can use CMU auth for login.
- Can upload to Lms
- Check result if the imported quiz is wrong syntax
- Create files for test syntax in case of group question and question no group

- Not tested
 - Login for only 261111 course professors
 - Use in other courses
 - Use in subject test

Test exit criteria

- Import group question
- Import group no question
- Add Points
- Add Questions
- Add Answer

Test overview (list of test types performed)

- Black-box testing
- White-box testing

Test types

- Functional testing
- Unit testing

Activities performed for each test type (each in separate sections)

- Functional testing

Check according to the software's functional requirements such as

- Unit testing

Create file for test syntax in each type

Results (including feedback and suggestion)

-Frontend

-click on Read Document. ✓

Go to 404 this page could not be found

-In case Sign In already ✓

-click on Deviloper. ✓

Stay at the same page

-click on Product. ✓

Go to this page but this then subject,authors,date,points didn't appears (กลืนไปกับพื้นหลัง) เปิด dark mode เลยหาย แต่ถ้าปิด dark mode ก็ขึ้นปกติ

In first click nothing happen , it will show quiz id doesn't match then The second click can delete quiz (เป็นแค่ในตอนแรกที่เปิด แต่ถ้าอัพควิชแล้วลบก็ทำงานปกติ)

แนะนำว่าเวลาลบให้ขึ้นเตือนก่อนจะลบมั้ย

-In this case

can add quiz that didn't choose file

and if you choose file .doc or .docx can add file

but it will show like this

On click

- Page -> go to page Quiz Importer ✓
- Deviloper -> go to page Quiz Importer ✓
- Dashboard -> go to page show all quiz this page \checkmark

ข้อใดไม่ใช้ซอฟต์แวร์ประสงค์ร้าย?,
rand[**Redhat=**Virus**Trojan**Security Killer]
Software ประสงค์ร้าย ข้อใดไม่ถูกต้อง?,
rand[**Virus,www=** Keylogger, Security killer** Spyware, Ransomware** Virus, Trojan]
Q-1C,
ซอฟต์แวร์ประสงค์ร้ายใดทำหน้าที่ล็อคข้อมูลของผู้ใช้ และทำการเรียกค่าไถ่?,
rand[**Ransomware= ** Security Killer ** Security Killer ** Spyware]
Q-1D.
Malwareที่สามารถขยายตัวเพื่อกินพื้นที่บนอุปกรณ์ทำให้พื้นที่เต็มคืออะไร?,
rand[**Worms=**Virus** Security Killer** Ransomware]
end,
G-2,P-2
Q-2A.
ข้อใดต่อไปนี้โดนซอฟแวร์ประสงค์ร้ายแบบ Spyware?,
rand[**จอยโดนเก็บข้อมูลล่วนตัวล่งไปให้แฮกเกอร์=**จินโดนบันทึกการกดแป้นพิม**แจคลันคอมของเค้าโดนทำลายระบบป้องกัน**จินยองคอม
ของเค้าโดนไวรัส]
Q-2B.
กล้าคือใคร?,
rand[**หน่ม=**สาว**ตา**รถไฟ]
```

มีการใช้งานในตัวคำถามด้วยอักขระพิเศษจึงต้องทำการแก้ไขตัว syntax ให้รองรับกับชุดคำถามนั้นๆ

Syntax To be

Recommendation

- Should change syntax for easy to use.
- Should change syntax for support special character.

Summary

Test result of quiz importer after test quiz importer by Test syntax for import, Upload to LMS and Support for group questions and questions no group have results as follows:

Test syntax for import success by test file import with wrong syntax and correct syntax and it works correctly.

Upload to LMS success by test file import then upload to LMS and see the quiz uploaded on mango and it works correctly.

Support for group questions and no group questions by test file import with correct syntax and it works correctly.
